with and without valve

- Tested and CE-certified according to EN 149:2001 + A1:2009
- Special ultra-light design for highest wearing comfort
- flexible and ergonomic
- Earbands/Headbands

THE MASKS

The face masks of the Y-Series have a special 3-panel design that was developed for maximum comfort. For better handling in everyday life, the Y-Series in the FFP1 and FFP2 versions have an ear strap. Their individual fit makes them particularly flexible and ergonomically shaped at the nose and chin, resulting in a perfect seal. The dynamic fit and optimized breathing resistance result in a safe and uniquely comfortable wearing experience.

STANDARDS & APPROVAL

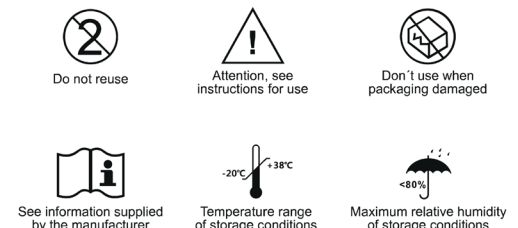

The Y-Series meets the requirements of the European standard EN 149:2001 + A1:2009 for particle filtering half masks. The products are classified in categories FFP1, FFP2 and FFP3 according to their filtering performance and total leakage.

This product meets the requirements of the PPE regulation (EU) 2016/425 and therefore carries a CE mark. The EU Type Examination Certification (Module B) and the Quality Assurance Certification (Module C2) have been issued by LGAI Technological Center, S. A./Applus, Campus UAB, Apto Correos 18, 08193 Barcelona, Spain (Notified Body Number: 0370).

Application limits by class:

Class	Multiples of the OEL
FFP1 NR	4
FFP2 NR	10
FFP3 NR	30
